To use Lulu Publishing to publish your book, your book must be a minimum of 32 pages.  
Here are some ways to gain pages:

1. Increase your font size to 14 (doing so will make it so you have to reformat your images)
2. Have each topic (Stamp Act, Boston Massacre, etc) begin on a new page.
3. If you have grouped topics together in chapters, separate the writing from the chapter title by creating a Chapter Title Page.
4. Add more images
